## NEWSLETTER & E-MAIL INFORMATION

The monthly newsletter can be found on line at [www.pasadenacoinclub.org](http://www.pasadenacoinclub.org). The newsletter will be mailed the months of January, March, May, July, September and November only if you do not have e-mail access. We hope to begin e-mailing as many of the newsletters as we can. Please e sure that we have your current e-mail address and if you do not have e-mail access, that we have your correct mailing address.

## EDUCATIONAL PRESENTATIONS

The Pasadena Coin Club encourages members and guests to give numismatic, educational presentations. If you would like to give a presentation or know someone who might like to give a presentation, please contact one of the coin club officers. Notice we will have plenty of empty slots.

## RAFFLE TICKETS, AUCTIONS AND WISH LIST

Just a friendly reminder that when you sign in at meeting time, you can purchase raffle tickets for door prizes. The tickets are really inexpensive and there are some really good items from which to choose. Red tickets are 2 for \$1 and Yellow tickets are 3 for \$1. Remember the proceeds from ticket sales goes toward buying more door prizes. We need more ticket sales to insure that this part of the program does not disappear.

After each meeting, club members place coins up for auction. We encourage our guests to stay for the auction. You do not need to be a member to bid on auction lots.

### Rules:

- There is a 10-lot maximum (per member).
- You must be a member of the Pasadena coin club in order to put lots up for sale.
- There is no charge to members for entering lots.
- A \$1.00 minimum bid shall prevail.
- Lots shall be affixed to a 3"X 5" card with the following information:  
Description and grade of the lot: Lot number; Minimum bid & Owners Name.
- Lots shall be listed on the proper form for such listing. (The treasurer or secretary will provide a copy for you.)

Is there an item you would like to find for your collection but have not found it yet or seen it in a club auction? Here is your chance to find out if another club member could help. The club is starting a wish list. This list will be published in the club newsletter and will be on line for everyone to check out. We hope this list will help make our auctions better. If you have need for the wish list, contact Joanne Carter.

## American Buffalo 24-Karat Gold Coins

Production of the American Buffalo 24-karat gold coins were authorized by [Public Law 109-145](#), dated December 22, 2005, also known as the Presidential \$1 Coin Act.

The American Buffalo Gold coin's obverse and reverse designs feature images originally prepared by noted American sculptor James Earle Fraser, once a student of Augustus Saint-Gaudens, for America's 5-cent coin (nickel).

That popular coin, known as the Indian Head, or Buffalo, nickel was [introduced in 1913](#) and showcases the native beauty of the American West.

The Native American depiction on the coins obverse is believed to be based on three different American Indians. Two of the American Indians who modeled for Fraser as he sculpted the coin were named by the designer before his death. They were known as Chief Iron Tail of the Lakota Sioux and Chief Two Moons of the Cheyenne. Although many have claimed to have had a sitting with Fraser for this design, he could not recall the name of the third person and satisfactory documentation has not yet been found to identify that individual. It is widely believed that the bison on the coins reverse was modeled after Black Diamond, a popular attraction at the New York Zoological Gardens. In the first year of the coin's issuance, 1913, there were two distinct varieties, the first showing the bison on a mound and the second with the base redesigned to a thinner, straight line. American Buffalo Gold Coins bear the original Fraser Type I design.

### United States Mint American Buffalo Gold Bullion Coins

[American Buffalo Gold Bullion Coins](#) are the first .9999 fine 24-karat gold coins ever struck by the United States Mint and offered for sale through a network of Authorized Purchasers. These \$50 gold coins are available to members of the public seeking a simple and tangible means to own and invest in 24-karat gold in the form of legal tender coins whose content and purity is guaranteed by the United States Government.

American Buffalo Gold Bullion Coins are available at many coin and precious metals dealers as well as many brokerage houses and participating banks. Pricing for precious metal investment coins typically depends on the market price of the metal. Click [here](#) to locate a dealer.

### United States Mint American Buffalo Gold Proof Coins

The United States Mint produces a proof version of these coins for collectors. The term "proof" refers to a specialized minting process that begins by manually feeding burnished coin blanks into presses fitted with special dies. Each coin is struck multiple times so the softly frosted and highly detailed images seem to float above the field. An official Certificate of Authenticity accompanies each coin. [American Buffalo Gold Proof Coins](#) sell at a fixed price and can be purchased directly from the United States Mint.

### Product Information

All 24-Karat American Buffalo Gold Coins are struck at the [United States Mint at West Point](#). The 24-Karat American Buffalo Gold Bullion Coins are minted and sold in the same manner as [American Eagle Bullion Coins](#).
