### NEWSLETTER & E-MAIL INFORMATION

The monthly newsletter can be found on line at [www.pasadenacoinclub.org](http://www.pasadenacoinclub.org). The newsletter will be mailed the months of January, March, May, July, September and November only if you do not have e-mail access. We hope to begin e-mailing as many of the newsletters as we can. Please e sure that we have your current e-mail address and if you do not have e-mail access, that we have your correct mailing address.

### EDUCATIONAL PRESENTATIONS

The Pasadena Coin Club encourages members and guests to give numismatic, educational presentations. If you would like to give a presentation or know someone who might like to give a presentation, please contact one of the coin club officers. Notice we will have plenty of empty slots.

### RAFFLE TICKETS, AUCTIONS AND WISH LIST

Just a friendly reminder that when you sign in at meeting time, you can purchase raffle tickets for door prizes. The tickets are really inexpensive and there are some really good items from which to choose. Red tickets are 2 for \$1 and Yellow tickets are 3 for \$1. Remember the proceeds from ticket sales goes toward buying more door prizes. We need more ticket sales to insure that this part of the program does not disappear.

After each meeting, club members place coins up for auction. We encourage our guests to stay for the auction. You do not need to be a member to bid on auction lots.

#### Rules:

- There is a 10-lot maximum (per member).
- You must be a member of the Pasadena coin club in order to put lots up for sale.
- There is no charge to members for entering lots.
- A \$1.00 minimum bid shall prevail.
- Lots shall be affixed to a 3"X 5" card with the following information:  
Description and grade of the lot: Lot number; Minimum bid & Owners Name.
- Lots shall be listed on the proper form for such listing. (The treasurer or secretary will provide a copy for you.)

Is there an item you would like to find for your collection but have not found it yet or seen it in a club auction? Here is your chance to find out if another club member could help. The club is starting a wish list. This list will be published in the club newsletter and will be on line for everyone to check out. We hope this list will help make our auctions better. If you have need for the wish list, contact Joanne Carter.

[View all the American Eagle Products](#)

In 1986, Liberty, as depicted by Augustus Saint-Gaudens, was selected as the design that would grace the obverse of the American Eagle Gold Coins. The Saint-Gaudens design first appeared on the United States' \$20, or double-eagle, gold piece in 1907, where it remained until 1933. Like their gold counterparts, American Eagle Silver Coins have been produced and sold in both proof and bullion finishes since 1986. They have always featured a rendition of sculptor Adolph A. Weinman's magnificent Walking Liberty design, originally prepared and executed for the Nation's first circulating half-dollar coin in 1916.

## **[American Eagle Bullion Coins for Investors](#)**

Congressionally authorized [American Eagle Bullion Coins](#) provide investors with a convenient and cost-effective way to add a small amount of physical platinum, gold, or silver to their investment portfolios. Since their launch in 1986, gold, platinum and silver American Eagles have become leading bullion coin investment products.

## **[American Eagle Proof and Uncirculated Coins for Collectors](#)**

The United States Mint produces proof versions of American Eagle Bullion coins for collectors. [American Eagle Proof Coins](#) undergo a specialized minting process, which begins by manually feeding burnished coin blanks into presses fitted with special dies. The coin is struck multiple times so the softly frosted, yet detailed images seem to float above a mirror-like field. After scrutiny by white gloved inspectors, each American Eagle Proof Coin is sealed in a protective plastic capsule and mounted in a handsome satin-lined velvet presentation case with its own official Certificate of Authenticity. Since American Eagle Proof Coins are produced by the United

States Mint, each coin's content, weight and purity are guaranteed by the United States Government. American Eagle Gold, Silver, and Platinum Proof Coins have a limited mintage and can be purchased directly from the United States Mint.

In 2006, the United States Mint added another member to the American Eagle family of precious metal coins. Collectors can purchase [American Eagle Uncirculated Coins](#) in silver, gold and platinum directly from the United States Mint.

Like its proof counterpart, the American Eagle Silver Uncirculated Coin is available in a one-ounce size, while the American Eagle Uncirculated Coins in both gold and platinum are available in one-tenth, one-quarter, one-half and one ounce sizes, as well as a complete four-coin set containing one coin of each size. The American Eagle Platinum Uncirculated Coins carry the same reverse design as the American Eagle Platinum Proof Coins.

In a process similar to that used to create the magnificent American Eagle Proof Coins, American Eagle Uncirculated Coins are hand-loaded into the coining press, struck on specially burnished blanks and carry the "W" mint mark of the United States Mint at West Point.
