

Pasadena Coin Club newsletter
March & April 2014

The PCC held meetings; 3/10, 3/24, 4/14 & 4/28; at the Golden Corral in Pasadena, Texas.

In the March 24th meeting, a letter from Tracy Haynes of Washington DC on collecting African coins and currency was shared with the club. Tracy sent a web page - <http://www.wakanow.com/ng/pages/The-Numismatist's-Resource-Guide-to-African-Coins-and-Currency> with links on the subject, see below for info. Tracy found the PCC by our web site:

<http://www.pasadenacoinclub.org>

The Pasadena Coin Club had a table at the San Jacinto Day Festival and battle reenactment. Pictures will follow in a second edition (I left my camera chip at home).

[http://www.sanjacintomuseum.org/The Battle/Our Annual Reenactment/](http://www.sanjacintomuseum.org/The_Battle/Our_Annual_Reenactment/)

The annual bingo night and officer installation was held 4/28. Officers from last year were given another chance. Volunteers for the next year were requested. We need a coin show bourse chairman (and committee) and a corresponding secretary. A few of the winners are shown below.

Jack's special raffle blow-out was held on 4/14. This raffle was intended to balance the books for the past several months. Items included lots of large, round & shiny things.

Please consider giving a short program on a numismatic subject. We would love to hear about the best coin in your collection, the most interesting coin series, an unusual coin, the best book in your library, or just about anything coin related. See one of the club officers to schedule a time (or just surprise us and give an impromptu talk).

Gene McPherson
PCC President
5/12/14

Hi Gene,
I wanted to email you to thank you for your webpage, <http://www.pasadenacoinclub.org/linksmain.html>. My name is Tracy and I've been working on finding resources for a coin collecting club for my boss. Your page has some great stuff, and I'm going to suggest that he reference it in his future writings. Thanks a ton for the help!

My boss also recently wrote an article on African coins and currency that I thought you would find useful: <http://www.wakanow.com/ng/pages/The-Numismatist's-Resource-Guide-to-African-Coins-and-Currency>. Can you include this with the rest of your resources? I'd love to show that I'm making the extra effort in my new position to share with others online. :-)
Thanks again for your help spreading your knowledge of numismatics!

Best,
Tracy Haynes
